

Code-Red Sign Up Form

DeBordieu Colony Community Association has contracted with the CodeRED Community Notification System to help disseminate important or critical information to our property owners. The CodeRED system will be used to keep DeBordieu property owners informed of events such as possible inclement weather conditions, fires, broken water pipes, road closures and evacuation notices. Please list below all ways that you wish to be contacted, and select which weather notifications you wish to receive, and return to the DCCA office at your earliest convenience.
